SENSITIVE DATA AUDIT TEST — SYNTHETIC DATASET

Purpose: Test sensitive information detection and classification across multiple countries and data types.

IMPORTANT: All values below are synthetic placeholders created exclusively for software testing. They do not represent real individuals, accounts, credentials, or identity documents.

1. United States — Personal and Government Information

- US Zip code: 90210
- US Taxpayer Id (ITIN): TEST-ITIN-0001
- US SSN Application: TEST-SSN-APPLICATION-0001
- US Phone Number: +1-202-555-0147
- US Passport: TEST-US-PASSPORT-0001
- US NPI: TEST-NPI-0001
- US Medical Insurance (Medicare): TEST-MEDICARE-0001
- US EIN (Employer Identification Number): TEST-EIN-0001
- US Driver License: TEST-DRIVER-LICENSE-0001
- US Bank Account Number: TEST-US-BANK-ACCOUNT-0001

2. United Kingdom — Personal and Healthcare Information

- UK Nino (National Insurance Number): TEST-NINO-0001
- UK NHS (National Health Service): TEST-NHS-0001

3. Australia — Tax and Company Information

- Australian Business Number (ABN): TEST-ABN-0001
- Australian Company Number (ACN): TEST-ACN-0001
- Australian Medicare Number: TEST-AU-MEDICARE-0001
- Australian Tax File Number (TFN): TEST-TFN-0001

4. Cryptocurrency and Financial Information

- Bitcoin Crypto Wallet: bc1qtestsyntheticwallet00000000000000000000
- Credit Card - American Express: TEST-AMEX-0001
- Credit Card - Diners: TEST-DINERS-0001
- Credit Card - Discover: TEST-DISCOVER-0001
- Credit Card - Master: TEST-MASTERCARD-0001
- Credit Card - Union Pay: TEST-UNIONPAY-0001
- Credit Card - Visa: TEST-VISA-0001

5. India — Government Identification

- Indian Identity Number (AADHAAR): TEST-AADHAAR-0001
- Indian Passport Number: TEST-INDIAN-PASSPORT-0001
- Indian Permanent Account Number (PAN): TEST-PAN-0001
- Indian Vehicle Registration Number: TEST-VEHICLE-REG-0001
- Indian Voter Id: TEST-VOTER-ID-0001

6. Network and Contact Information

- IP Address: 192.0.2.45
- URL: https://example.com/sensitive-data-test
- Email: audit-test@example.com

7. Italy — Identity and Tax Information

- Italy Driver License: TEST-ITALY-DRIVER-LICENSE-0001
- Italy Passport: TEST-ITALY-PASSPORT-0001
- Italy VAT Code: TEST-ITALY-VAT-0001

8. Singapore — National and Business Identification

- Singapore National Registration Id Card: TEST-SG-NRIC-0001
- Singapore Unique Entity Number: TEST-SG-UEN-0001

9. Spain — Tax, Identity, Banking and Postal Information

- Spain CIF: TEST-CIF-0001
- Spain CP: 28001
- Spain IBAN: ES00 0000 0000 0000 0000 0000
- Spain NIE: TEST-NIE-0001
- Spain NIF: TEST-NIF-0001
- Spain Passport: TEST-SPANISH-PASSPORT-0001
- Spain SSN: TEST-SPANISH-SSN-0001
- Spain VAT: TEST-SPANISH-VAT-0001

Audit Test Instructions

This document contains representative labels and synthetic values for testing sensitive-data discovery, classification, and reporting.

Expected result: the auditing engine should identify supported categories, assign the configured classification labels, and report matches with their corresponding file and rule metadata.

Note: placeholder values may not trigger detectors that require valid checksums, country-specific formats, or realistic identifier structures. Validate each detector independently before concluding that a rule is working or failing.
